

Dear Friends and Colleagues,

I hope you are healthy and well.

At CIH, we've been moving forward with a few new projects, and we are pleased to share with you our recent activities.

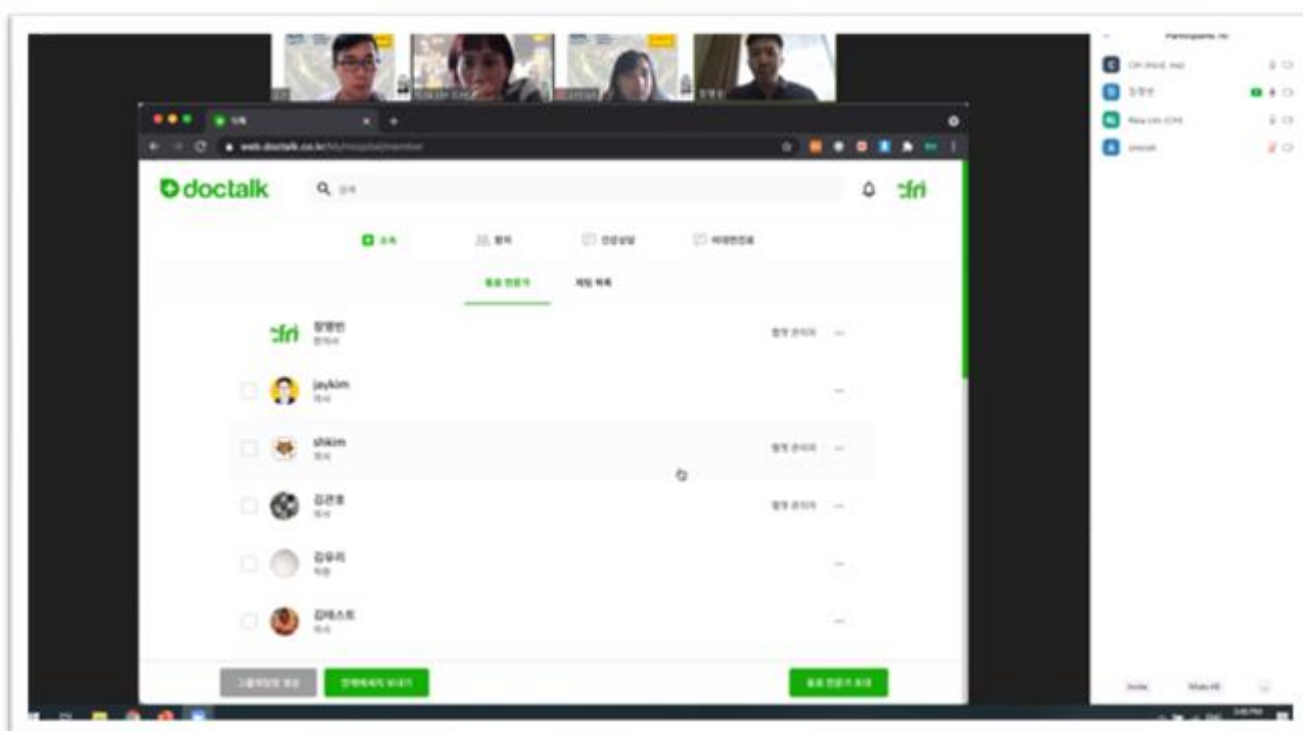

1. INNOVATION AT A GLANCE

This month, we would like to feature one of the selected companies **Docfriends** from the first batch of Innovators Commercialisation Program (ICP), led by Asia Research & Innovation Alliance (ARIA), in collaboration with CIH.

Docfriends is a Korean company developing **doctalk**, a telehealth monitoring and AI diagnostic platform that connects doctors and patients to provide a full spectrum of care. Docfriends is in process of raising Series A funding and looking for potential investors.

If you are interested to connect with Docfriends, please reach out to my team
CIH@nuhs.edu.sg

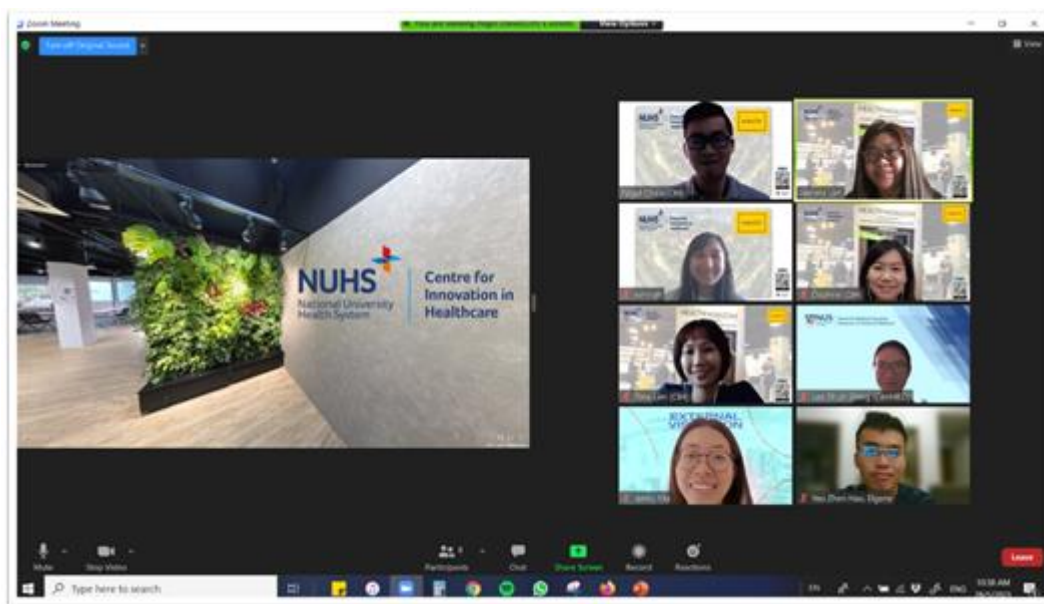

🗨️ Stay tuned for our virtual Fireside chat in end June, where we bring together Docfriends, our invited guests and participants to an interactive session.

2. HIGHLIGHT OF THE MONTH

Last week, we held an interactive 360 virtual tour of our showroom during a ZOOM meeting to a group of National University of Singapore, Centre for Medical Education (CenMED) students.

In this time of COVID-19, the recent Phase 2 Heightened Alert has caused disruptions and hindrances to the education of students. This has urged us to think of ways to ensure CIH's continued performance as well as the value we bring to the community. As such, we are pleased to present our physical showroom as a virtual space to introduce early-stage health and MedTech innovations to these aspiring medical students while giving them a glimpse of an innovator's journey.

3. **DIALOGUE SESSION**

Our Centre Director, Professor Lawrence Ho is honoured to be invited as one of the keynote speakers in the upcoming inaugural social entrepreneurship conference, Catalyst 2021 organised by PRISM, SJI Entrepreneurship Club, St. Joseph's Institution International. He will be sharing his journey in healthtech innovation and entrepreneurship.

4. **UPCOMING EVENTS**

We curated these events for the coming month.

Don't miss the opportunity to engage, dialogue and participate!

Click on individual link for more details
